

# The **PLUG INTO** Solutions Network

August 14 - 17, 2005 • Exhibit Dates: August 14 - 16, 2005  
Long Beach Convention Center, Long Beach, California

## EXHIBIT APPLICATION AND CONTRACT

The Federal Government strives to lead the United States in energy reduction and conservation. The Federal Government consumes 1.4% of the country's energy and spends over **\$9.6 billion annually** on facility and transportation energy. The Federal Government also comprises 0.1% of the renewable energy demand throughout the country, and is actively pursuing opportunities for new renewable energy sources.

As directed by Executive Order 13123, the Federal Government has a mandate to reduce energy consumption by 30% by 2005 and 35% by 2010, compared to a 1985 baseline. As of 2003, the Federal Government has achieved a reduction of 24.8% through extremely successful partnerships with both the commercial sector as well as state and local governments.

Energy 2005, the exclusive Federal Government sponsored annual event, is the ideal forum to:

- **Network**
- **Meet counterparts in both the government and private sectors of the energy business**
- **Demonstrate and get exposure for your new technologies and services**
- **Better understand how to do business with the Federal Government**
- **Learn about energy programs within the various Federal agencies**
- **Learn about new and proposed Congressional legislation**
- **Make new business contacts**

On August 14, 15, and 16, 2005 over 1,000 key Federal Government Energy Managers/Decision-Makers, from both military and civilian agencies, as well as other influential professionals will converge to learn about and purchase the latest technology advances in the Energy Efficiency Industry, including Energy Efficiency, Water Conservation, and Renewable Technologies.

In addition, valuable training is offered to exhibitors on **"How to do Business with the Federal Government"** (Department of Energy, Department of Defense, and General Services Administration).

Come be a part of the network that is focused on making the Federal Government a more efficient consumer of the nation's energy - review the floor plan and return the attached exhibit application!

The latest information and updates are available at: <http://www.energy2005.ee.doe.gov>

If you have questions, please contact: **800-608-7141 or 540-937-1739 • email: [energy2005@doeevents.com](mailto:energy2005@doeevents.com)**

U.S. Department of Energy

**Energy Efficiency  
and Renewable Energy**

Bringing you a prosperous future where energy  
is clean, abundant, reliable, and affordable

# The Solutions Network

Energy 2005 offers exhibitors an exceptional opportunity to showcase and demonstrate their products and services to an interested audience of over 1,000 key Federal Government Energy Managers/Decision-Makers. These attendees are influential, key decision makers and end users with purchasing authority for the products and services listed below.

The exhibit has been structured to foster and facilitate networking. More than half of the exhibit hours are exclusive (no sessions), and all food functions in the Exhibit Hall are hosted. The schedule allows for formal and informal interactions, while allowing exhibitors to attend valuable training.

You will reach a receptive audience if you manufacture, represent, distribute, or sell products/services in the following categories:

## Energy Management & Controls/ HVAC

- Air Conditioning
- Air Compressors
- Air Filtration Systems
- Air Curtains
- Absorption & Engine Driven Chillers
- Appliances (Commercial/Residential)
- Boilers & Burners
- Building Controls
- CFC Alternatives
- Chillers
- Combustions Controls
- Construction Products
- Cooling Towers
- Desiccant Cooling Systems
- Electrical Equipment
- Energy Management Software Programs & Equipment (Commercial/Residential)
- Fire & Security Systems
- Geothermal Heat Pumps
- Heat Exchangers
- Heating
- Heat Recovery Equipment
- Industrial Process Controls
- Insulation Products
- Lighting (Lamps/Fixtures, Ballasts, Reflectors, Controls, Motion Detectors, Infrared Sensors, Dimmers, Switching Systems, Retrofit Services, Disposal Services, Maintenance)
- Metering Devices
- Natural Gas Cooling Systems
- Sensors & Survey/Testing Equipment
- Motors & Drives
- Office Technologies
- Power Generation

- Refrigeration
- Roof Cooling Systems
- Space Conditioning, Steam Traps
- Temperature Controls
- Thermal Storage & Ice Harvesting Systems
- Transducers/Combustion Controls
- Variable Air Volume Controls
- Ventilation (Blowers & Fans)

## Renewables

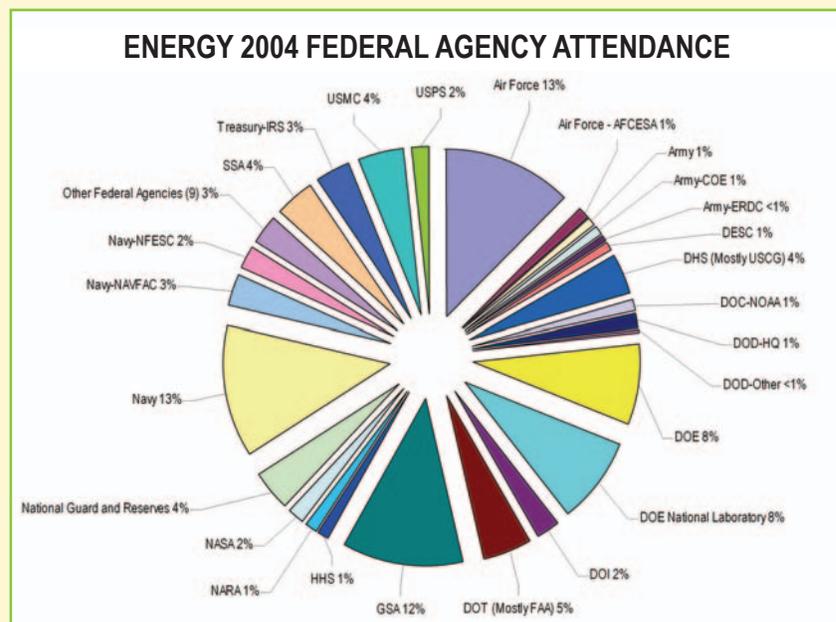

- Biomass Systems
- Geothermal
- Photovoltaic Systems
- Generated Power
- Waste to Energy Systems
- Solar Thermal
- Wind

## Natural Gas Supply, Services, and Technologies

- Natural Gas Producers
- Distributors
- Pipeline Companies
- Infrared Systems
- Brokers
- Marketers
- Information Services
- Consultants
- Absorption Chillers
- Compressors

## Awareness, Information & Training

- Federal Funded Research Centers
- Professional Associations
- Publishers
- Training Organizations

## ENERGY 2005 EXHIBIT HALL

*"The Energy Workshop Expo gives us access to the highest level decision-makers in the federal government. No other show provides such high quality, one-on-one networking and marketing opportunities."*

- Gary Fechter  
Princeton Energy Systems

### Energy & Engineering Services/ Power Marketing/Finance

- Utilities (Electric, Natural Gas, Water)
- Power Marketers/Brokers
- Architectural & Engineering Firms
- Construction Management Firms
- Energy Auditing Services
- Performance Contractors
- Alternative Financing Services
- Energy Service Providers

### Transportation Technologies

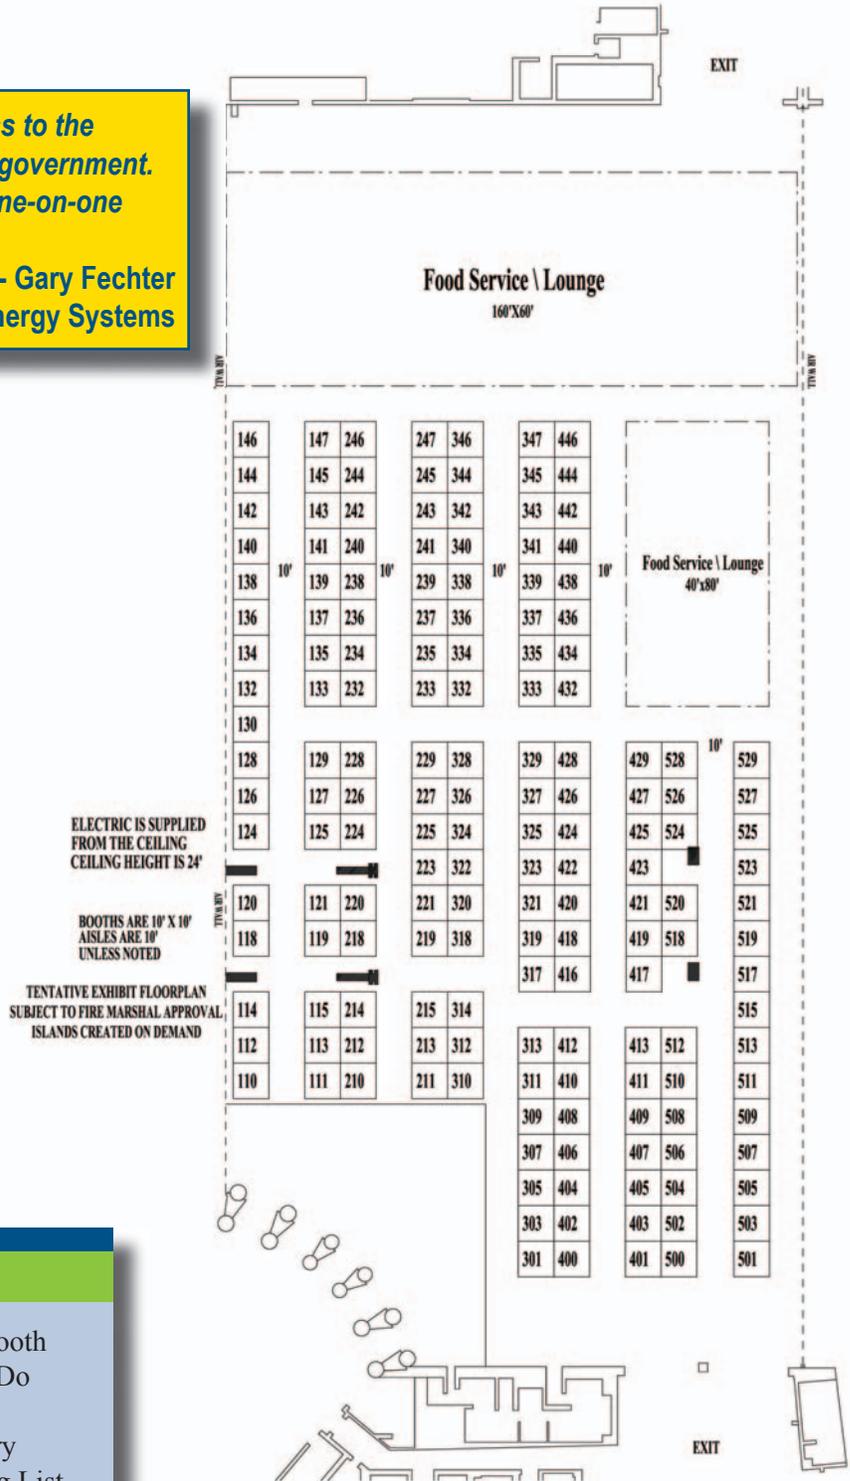

- Transportation Firms
- Vehicles

### Water Conservation

- Building Uses (Showers, Faucets, Valves & Toilets) Industrial & Process
- Landscaping & Irrigation

### Every Exhibitor Receives:

- TWO Full Workshop Registrations per Booth
- Free Training for Exhibitors on "How to Do Business with the Federal Government"
- Product Description in Exhibitor Directory
- Pre- and Post-Workshop Attendee Mailing List
- Session-Specific Referral
- Listing on the Workshop Website
- Optional Lead Retrieval System
- 8' Draped Backwall, 3' Draped Side Railing, ID Sign, Aisle Carpeting, Perimeter Security
- FREE Exhibit Hall Passes/Workshop Brochures for Customers/Prospects

## LONG BEACH CONVENTION CENTER

- Not to Scale -

## **OFFICIAL RULES & REGULATIONS GOVERNING EXHIBITS**

Energy 2005 is presented by the U.S. Department of Energy, the U.S. Department of Defense, and the General Services Administration (Sponsors). Sponsors have hired SAGE Systems Technologies, LLC/Conference and Exhibits Management, Inc. (SAGE/CEM) for conference and expo management. The following rules and regulations will apply:

### **1. ASSIGNMENT OF BOOTH SPACE**

All booth requests will be handled on a first-come, first-served basis by the date and time of receipt of contract and \$200 non-refundable deposit payment. No booth assignments will be confirmed until SAGE/CEM receives \$200 non-refundable deposit. Every effort will be made by SAGE/CEM to assign the exhibitor one of its stated preferences in booth locations; however, SAGE/CEM cannot guarantee the preferred locations will be available. Registering and paying early will increase the possibility of exhibitor receiving a preferred location. Should all exhibitor's preferred locations be assigned, SAGE/CEM reserves the right to assign exhibit booth space from available locations. Sponsors and SAGE/CEM further reserve the right to deny registration, without recourse, to any prospective exhibitors they deem are not in the best interest of the event as a whole.

### **2. BOOTH CANCELLATION OR REDUCTION REFUNDS**

A \$200 non-refundable deposit must accompany completed application. 50% of total booth cost is due March 14, 2005 with the remaining balance due May 16, 2005. If assigned space is cancelled or reduced by exhibitor before the close of business Friday, May 16, 2005, a fee of 25% of total booth cost will be assessed. Cancellations received after May 16, 2005 will result in a full forfeiture. If assigned space is cancelled or reduced by exhibitor after May 16, 2004 all fees paid will be retained. Any exhibitor who contracts and pays for exhibition space after May 16, 2005 will receive no refund for the cancellation or reduction of space, and/or full payment will still be due.

### **3. SUBLETTING OR SHARING SPACE**

Exhibitor may not assign, sublet, or apportion to others, the whole or any part of the space allotted, and may not advertise or display goods or services other than those produced or sold by exhibitor in the regular course of its business. However, exhibitor may use equipment or products of another exhibitor or vendor in its booth(s) for the purpose of better presentation of exhibitor's own products, but may not give credit to that manufacturer.

### **4. INSTALLATION OF EXHIBITS**

Installation of exhibits at the Long Beach Convention Center is on Saturday, August 13, 2005. If exhibitor will be delayed in setting up its booth(s), exhibitor must contact the SAGE/CEM staff immediately to make other arrangements. Exhibitor must be fully operational by 1:00 p.m. on Sunday, August 14, 2005. Any space contracted for and not occupied by 1:00 p.m. on Sunday, August 14, 2005, with no prior notice being given to SAGE/CEM is subject to forfeiture of fees and use of the space by the exhibitor, and may be resold or reassigned at the discretion of SAGE/CEM and Sponsor.

### **5. REMOVAL OF EXHIBITS**

All exhibits will close at 2:00 p.m. on Tuesday, August 16, 2005. For safety reasons, as well as to maintain a professional and courteous atmosphere, no exhibitors will close or leave their booths prior to this time. Exhibitor must surrender the occupied booth space in the same condition it was prior to occupation. Exhibitor will make arrangements for the removal of equipment, crates, and materials from the exhibit area according to instructions in the Exhibitor Service Kit. All exhibits must be dismantled and removed by 10:00 p.m. on closing day.

### **6. CONTRACTOR SERVICES**

Exhibit Service Kits will be mailed within 10 working days after contract and \$200 non-refundable deposit have been received. SAGE/CEM and the Sponsor have designated Brede Exposition Services as the official exposition services contractor. At the Exhibitor's expense, Brede Exposition Services will provide all show services, material and equipment, other than material and equipment owned by exhibitor, to be used in the exhibit space.

### **7. BOOTH CONSTRUCTION AND ARRANGEMENT**

Booths will have an 8' color background drape, 42" color side divider drapes, and 7" high by 44" long ID sign as standard provisions. Furniture packages, carpet, electric service, phone connections, draped table, chairs, wastebasket, or other services and equipment can be ordered and paid for by the exhibitor by filling out the appropriate forms in the Exhibitor Service Kit, and sending them to Brede Exposition Services. Any last minute needs can be ordered and paid for by the exhibitor through Brede Exposition Services Service Desk near exhibition floor. No exhibition equipment or material can extend above the 8' height so as not to cause a distraction for adjoining booths. Placement of exhibition equipment must not block the visibility of neighboring exhibitors. Aisles must not be used for exhibit space or standing room. This will be strictly enforced. All exhibits must be done in a professional manner that will not detract from the exhibition. Only quality display equipment and materials should be used, with all surfaces and edges having a finished appearance. All displays and exhibits must conform to local building and fire department codes and regulations. SAGE/CEM will inspect booths to ensure displays meet acceptable specifications. At SAGE/CEM's discretion and determination, any booths requiring changes must be corrected immediately at the exhibitor's expense. Exhibitor must maintain, clean, and keep its exhibits and contracted space in good order.

### **8. PROTECTION OF LONG BEACH CONVENTION CENTER PROPERTY**

Nothing shall be pasted, tacked, nailed, screwed, or otherwise affixed to columns, walls, floors, ceilings, or other parts of building or furniture. If the premises are defaced or damaged due to acts of negligence or non-compliance by the exhibitor, its agents, contractors, haulers, rigger or guests, the exhibitor shall pay the Long Beach Convention Center for incurred damages to the Long Beach Convention Center property.

## **9. FIRE REGULATIONS AND LOCAL LAW**

Exhibitor must comply with all California and/or Long Beach safety and fire codes. All electrical installations, equipment and wiring must comply with the latest National and Local Electrical Codes.

## **10. EXHIBITOR CONDUCT AND APPEARANCE**

All employees and agents of the exhibitors must register at the Exhibitor Registration Desk near the Expo entrance and must display their badges at all times. Only people with badges will be allowed access to the exhibit area. An exhibitor representative must be in the booth during all the operating hours that the Exposition is open. Representatives will have a professional appearance and will provide suitable assistance to conference attendees to explain exhibitor's products, services and programs. While on the exhibition floor, exhibitor's representatives are to conduct themselves in a manner commensurate with acceptable public behavior. At SAGE/CEM's discretion, any exhibitor who is deemed out of order will be required to leave the exhibit area. All exhibitor activities must be confined to its contracted space. Audiovisual, sound, and attention-getting devices and effects will be permitted only in those locations and in such intensity that, in the opinion of SAGE/CEM, do not interfere with the activities of neighboring exhibitors. Operational demonstration equipment must not create noise levels or distractions objectionable to neighboring exhibitors. No smoking shall be allowed in the exhibition area.

## **11. LIMITATION OF USE OF RECORDED OR LIVE MUSIC**

Exhibitor understands and agrees that it will not play, present, perform, or cause to be played, presented, or performed any live or recorded music at the Conference other than music that is original or exhibitor owned. Only if exhibitor has written permission and has paid the required royalties for the use of non-original recorded or live music will such music be permitted in the exhibition area. Any violation of this law may cause the immediate cancellation of your booth contract and removal of your exhibit from the floor.

## **12. SECURITY AND INSURANCE**

Guard service will be provided in the exhibition area; however, such security service shall not make SAGE/CEM, Sponsors, Long Beach Convention Center, or Brede Exposition Services, and their agents, contractors, and employees liable for any losses or damages. Exhibitor is solely responsible for the loss or damage of its goods, materials, displays, and equipment. Exhibitor is responsible for providing adequate insurance coverage to include, but not limited to, damage to personal property, damage to the Long Beach Convention Center building or property, injury to persons, public liability, water, storm, and strikes.

## **13. LIABILITY**

Exhibitor hereby releases SAGE/CEM, Sponsors, Long Beach Convention Center, Brede Exposition Services, and their agents, contractors, and employees from any and all claims, demands, causes of action or liability of any kind for injury or damages to persons or property that we may now or in the future have, known or unknown, arising directly

or indirectly out of attendance at or participation in Energy 2005. Exhibitor further agrees to indemnify and defend SAGE/CEM, Sponsors, Long Beach Convention Center, Brede Exposition Services, and their agents, contractors, and employees and hold them harmless, no matter what the cause or claim, from and against any lawsuits, claims, actions or causes of action, arising out of, or in connection with, this waiver of liability or its participation in Energy 2005. This obligation includes, but is not limited to, the cost of defense, payment of any judgments and payment of any expenses for attorneys' fees and other costs which may be incurred by SAGE/CEM, Sponsors, Long Beach Convention Center, Brede Exposition Services, and their agents, contractors, and employees. Neither SAGE/CEM, Sponsors, Long Beach Convention Center, Brede Exposition Services, and their agents, contractors and employees shall be liable for injuries to any person or for damage to property owned or controlled by exhibitor. In case any part of the exhibit area is destroyed or damaged, preventing SAGE/CEM, Sponsors, or Long Beach Convention Center from permitting an exhibitor to occupy assigned space, securing any part or the whole of the set up or exhibition period, or in case occupancy of assigned space during any part or the whole of the set up or exhibition period is prevented by strikes, acts of God, national emergency or other causes only for the period space was or could have been occupied by the exhibitor, the exhibitor hereby waives any claim against SAGE/CEM, Sponsors, Long Beach Convention Center, or Brede Exposition Services, and their agents, contractors and employees for losses or damages that may arise in consequence of such liabilities to occupy assigned space.

## **14. VIOLATIONS**

Violation of any of these regulations on the part of the exhibitor or the employees or agents of the exhibitor shall, at the discretion of SAGE/CEM, annul the right to occupy exhibit space, and such exhibitor shall forfeit to SAGE/CEM all fees paid. Upon evidence of a violation of regulations, SAGE/CEM may take possession of the space occupied by the exhibitor and may have all persons and goods removed at the exhibitor's risk and cost. The exhibitor shall pay all such expenses and all damages that SAGE/CEM may incur and shall forfeit all fees paid or due SAGE/CEM on account thereof. The exhibitor waives any right to service or written notice of SAGE/CEM's intention to terminate this agreement and repossess space occupied by the exhibitor.

## **15. GENERAL**

Exhibitor agrees to be bound by the terms of this Contract, as well as the Official Rules and Regulations Governing Exhibits for the Exhibition, which are incorporated into this Contract by reference. All matters not covered by the regulations are subject to the decision of SAGE/CEM. SAGE/CEM may amend these regulations at any time and all amendments shall be equally binding on all parties affected by them as are the original regulations. All provisions of this agreement are severable. If any provision or portion thereof is determined to be unenforceable by a court of competent jurisdiction, then the rest of the agreement shall remain in full effect.

# ENERGY 2005 - EXHIBIT SPACE APPLICATION

Exhibit Dates: August 14 - 16, 2005  
Venue: Long Beach Convention Center, Long Beach, CA

Company/Agency Name: \_\_\_\_\_

Address: \_\_\_\_\_

### A Strong Energy Portfolio for a Strong America

Energy efficiency and clean, renewable energy will mean a stronger economy, a cleaner environment, and greater energy independence for America. Working with a wide array of state, community, industry, and university partners, the U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy invests in a diverse portfolio of energy technologies.
